

Name: \_\_\_\_\_

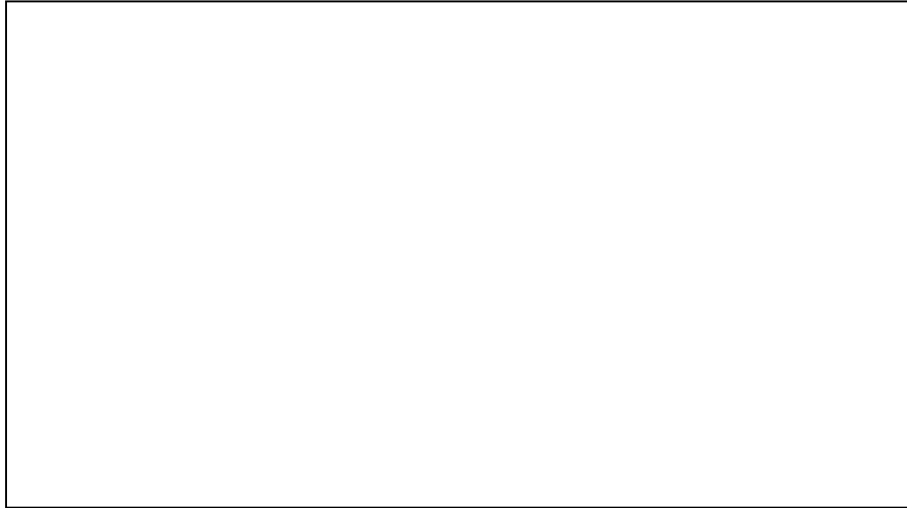

## Terrestrial Organism

Where this organism lives: \_\_\_\_\_

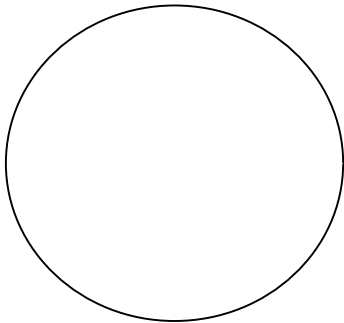

List 5 abiotic factors that **describe** this environment (consider climate):

**Organism Name** \_\_\_\_\_

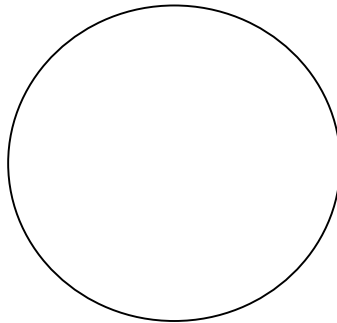

Draw and color a picture of the animal here:

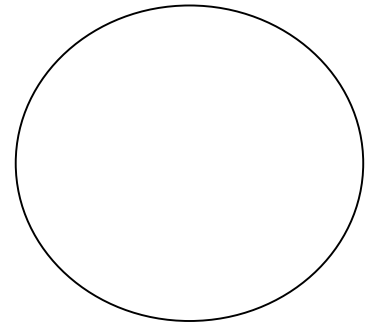

In each circle, draw one physical adaptation the animal has or describe one behavior the animal does.

Adaptation 1

Adaptation 2

Adaptation 3

Write one sentence to describe how each adaptation helps the animal to survive:

Adaptation 1:

Adaptation 2:

Adaptation 3:

Name: \_\_\_\_\_

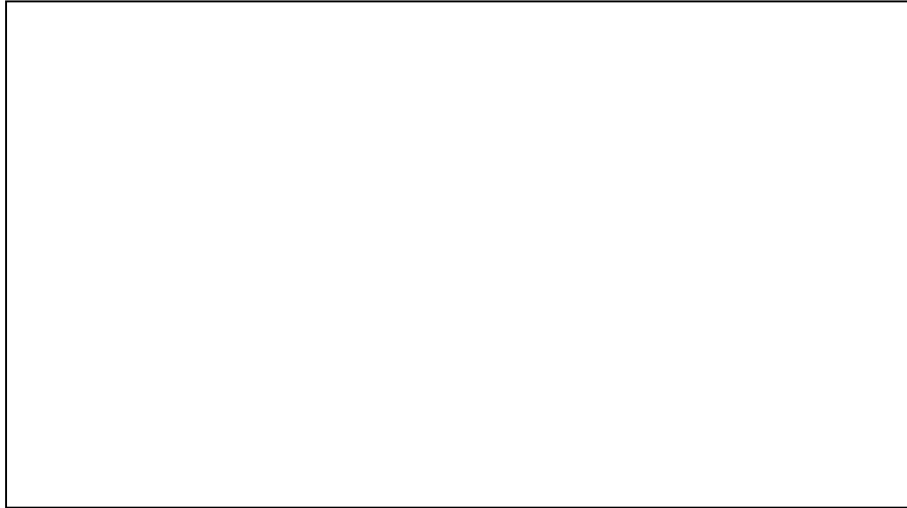

## Marine Organism

Where this organism lives: \_\_\_\_\_

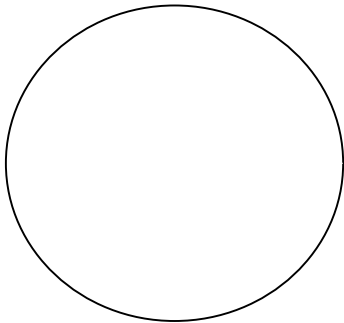

List 5 abiotic factors that **describe** this environment (consider ocean zones):

Organism Name \_\_\_\_\_

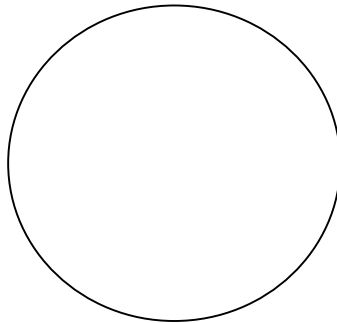

Draw and color a picture of the animal here:

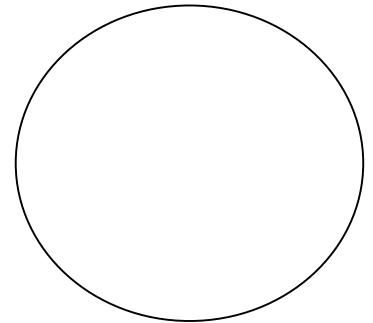

In each circle, draw one physical adaptation the animal has or describe one behavior the animal does.

Adaptation 1

Adaptation 2

Adaptation 3

Write one sentence to describe how each adaptation helps the animal to survive:

Adaptation 1:

Adaptation 2:

Adaptation 3:
